

Swing Evansville

You may or may not have heard that we had to move our event after our host hotel for the past 5 years (Holiday Inn) abruptly closed its doors with no warning to us, their customers, or staff. This gave us less than 8 weeks to secure a new dance location and hotel. We were able to reserve the Old National Events Plaza which has a much larger and newer ballroom with attached DoubleTree Hotel by Hilton. This facility is a step up for our dance event and will make our event even better. In order to keep our advertised dates, we didn't have enough time to secure a block of rooms from the DoubleTree Hotel. For this year only, rooms are more expensive, and the room availability is going to be low at the DoubleTree. We have worked with another group of hotels (see list below) that are located just 4 miles away that have offered us a block of rooms at a reduced price. These rooms include a free breakfast, and all rooms have a fridge, and microwave. We hope that you'll work with us through this transition. Thank you, the board of the Evansville River City BOP Club.
